Dear Mr. Fugazy:

Please accept our apologies for the delay in releasing your report.

The Committee on Trauma would like to extend its congratulations to Jacobi Medical Center on its verification as a Level I trauma center for a period of 3 years, expiring on March 15, 2019. The Verification Review Committee (VRC), a subcommittee of the Committee on Trauma of the American College of Surgeons, has very carefully reviewed the enclosed reverification report written by Drs. Michael Pasquale (lead reviewer) and Christopher Baker after the visit of March 14 and 15, 2016.

The Committee on Trauma's certificate of verification will arrive under separate cover within the next several weeks.

Thank you for your continued participation and support of the Verification, Review, & Consultation Program of the Committee on Trauma of the American College of Surgeons. As always, we will be glad to answer any questions you may have and look forward to working with your trauma center in the future.

Sincerely,
